

LED Rechargeable Camping Hanging Light

Information for use

Intention For Use

Thank you for purchasing the LED Rechargeable Camping Hanging Light from Streetwize Leisure. This rechargeable LED lantern offers long-lasting light, perfect for camping, hiking, or any outdoor gathering. This manual will guide you through setting up and using your new camping light.

Charging the Battery

1. Locate the charging port at the top of the light.
2. Plug the Type-C cable into the charging port and the other end into a USB power source (e.g. power bank, laptop, USB wall adapter).
3. A red LED indicator will turn on while charging (Fig 1). The light will turn green when fully charged (Fig 2).

Using the Light

1. Press the power button once to turn on the light in High mode.
2. Press the power button again to switch to Low mode.
3. Press the power button a third time to turn off the light.

Fig.1

Hanging the Light

1. The light features a built-in hanging hook.
2. Simply attach the hook to a tent loop, backpack strap, tree branch, or any other convenient hanging point.

Fig.2

Cleaning and Maintenance

- Wipe the light clean with a damp cloth after use.
- Do not immerse the light in water.
- Store the light in a cool, dry place when not in use.

Warnings

- Do not point the light directly into your eyes or the eyes of others.
- This product is not intended for children.
- Do not use the light while charging.
- Do not disassemble the light.

Technical Support

If you require any technical support for your product within the warranty period, please contact us on support@streetwize.co.uk and provide the product name and supplier code (see Technical Specifications) along with the technical query and proof of purchase.

WEEE

The WEEE symbol  on this product means that this unit should be ethically dismantled or recycled to minimise environmental impact. Please check with your local authority for more information.

IMPORTANT: ADDITIONAL SAFETY INFORMATION

This device is **NOT** intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they are supervised or have been given instruction concerning use of the device by a person responsible for their safety.
